Let's explore faith together and
continue to grow into the people
God has called us to be!

Wednesday
Evenings at SMBC

FALL
2022

*Exploring life with our
Faith Family one activity,
one class, one meal, one
discovery at a time.*

St. Matthews Baptist Church's mission statement is "Loving and Leading people into a Growing relationship with Jesus." We know that when we love in faith, we lead in faith. And when we love and lead in faith, we grow in faith! Wednesday evenings at SMBC is a fabulous time to grow in faith together, discuss, create, and do for one another. We hope you will find several opportunities this Fall to connect with one another on Wednesdays.

Each Wednesday - beginning August 17 and continuing through December 14 - we will have a simple and yummy dinner in the Grandview Room. The dinners will be sandwiches or pizza or chicken or taco bar (as indicated). Dinner will be from 5:30 - 6:30. No reservations are needed and a suggested donation of \$6 will help cover the costs.

From 6:30 - 7:30 PM we will have a variety of classes and ministry opportunities. Each of the 16 weeks of the Fall semester will offer different options. From learning All About Missions (those mission partnerships we share to help spread the Good News of Jesus through the world) to participating in Book Discussion Groups to engaging in Crafts, Cooking, and Construction to growing in Clarity, Confidence and Contentment with Money (with a Financial Advisor leading the class) to helping other people by DOing mission actions....each week offers amazing choices for adults. You will also have the ongoing option of participating in Choir and/or MomLife - both excellent, too!

Childcare and discipleship/educational classes for people ages birth-18 are offered each Wednesday from 6:30 - 7:30, too. Youth and children will enjoy learning and growing in friendship together while also growing in their faith.

Make plans now to participate in Wednesdays at SMBC where we explore life with our faith family one activity, one class, one meal, and one discovery at a time.
